"Like a blooming idiot," said the maer, "I agreed to take the colonel fishing. "Well, the next afternoon, which was saturday, he came around with a fishing rod that I gave him, and when I got into the cab blame me if he didn't have s trunk. 'Got my things in that,' said ie, and may I eternally fry if there weren't things enough in that trunk to stock a pawnshop. By ged, he had everything from evening clothes to a patent bootjack. But he hasn't them any more," and the major chuckled.

"We started for Mud Run, out in Pennsylvania. I'd never been there before, but a man told me there was good fishing there. He was a liar, by the way. "About the time we got started the colonel wanted to smoke, and by the hind hobs of Gehenna if he hadn't packed all the cigars in that bloody trunk. When I cussed, he tried to get up in the baggage car and was nearly killed. Then he got some bad cigars from the porter and growled for an hour steady. Some Curios From the Early Court History of Ohio County---Costly Profanity and Death by Law

OUR FIRST CIRCUIT COURT

Circuit Clerk G. B. Likens has been ooking over some ancient records in teresting matter which he has aided us in giving to THE HERALD.

The first Circuit Court ever I was presided over by the Hon. Benjamin Field and the Hon. Joshus Crow, who sat together and were denominated "assistant judges." The first order book after reciting that an act had been passed by the General Assembly in 1802 providing for the establishment of Circuit Courts says that Benjamin Field and Joshus Crow, Gent., were appointed by the Governor judges of this court and gives the following

"In the name and by the authority of the Commonwealth of Kentucky, James Garrard, Governor of the said Commonwealth to all who shall see these presents: Greeting:-Know ye that reposing especial trust and confidence in the integrity, diligence and ability of Benjamin Field and Joshua Crowe, Esqre., I have nominated and by and with the advice and consent of the Senate do appoint them Assistant Judges of the Circuit Court to be holden in the county of Ohio with full power and authority to execute and fulfill to law-and to have and to hold the same with all the rights and emoluments thereunto legally appertaining during good behavior.

In testimony whereof, I have caused these letters to be made patent and the seal of the Commonwealth to be hereunto affixed. Given under my hand at Frankfort,

on the 25th day of December, in the year of our Lord, one thousand eight hundred and three! JAMES GARRARD."

Before the Attorney for the Commonwealth took the oath the Grand Jury had been impaneled and the following

order was entered: "Massey Thomas, foreman; Jacob Luallen, William Smothers, John Matscared to death, and I guess he thought he could catch trout by knocking them stone dead with his rod. He lost about two dozen flies trying to cast half the length of his rod and the stone of strong vineser in the August Ladies' tox, William Smothers, John Masters, William Smothers, William Smothers, John Masters, William Smothers, William Sm White, Josia Hedges, Michael Myers, John Hawlay, David Miller, Richard Morton, Robert Howard, William Stevens Nathaniel Sipple, Anthony Thompson, John Power, George Jackson and Septimus Taylor were sworn a Grand Jury of Inquest for the body of this circuit, and having received their charge, retired from the bar to consult of their presentments and after some time returned and presented an Indictment for felony against Robert ing no further presentments to make

"Then the colonel got madder than ever, and he wouldn't talk again. But that was a mercy.

"It was getting along toward dark when we got to the hotel. The colonel was prancing up to the front door when the man who drove the team come out of a barn.

Among the old indictments are many for the smaller offenses which are no longer cognizable by the Circuit Court, such as profane swearing, drunkenness, &c. One of these old indistments re

turned at the April term, 1823, reads: "COMMONWEALTH OF KENTUCKY, ) OHIO CIRCUIT AND COUNTY,

Circuit Court, April term, eightee hundred and twenty-three, the jurors of the Grand Jury impanelled and aworn to inquire in and for the Circuit and County aforesaid upon their oath authority of the Commonwealth aforesaid, present that Barnch Austin, late of said Circuit, youman, at the Circuit aforesaid on the 12th day of March, 1823, was drunk by the excessive use of ardent spirits, contrary to the form of the Statute in such case, made and provided and against the peace and dignity of the Commonwealth aforesaid. D. L. Monnison, Foreman." Another of similar verbiage presents that "Joseph Allen, of Ohio county, did profanely swear one profane oath by God.' " Of this grave offense Joe seen to have been guilty and he suffered good fine for his wickedness.

But by far the most interesting all the early day law suits was that of the Commonwealth vs. Francis Irvin. who was indicted for murder at the July term, 1824. The interesting history of this case, together with some further early legal history will be given

Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this Remedy is taken as soon as a cold has been contracted, and before it has been contracted, and before it has become settled in the system, it will counter-act the effect of the cold and greatly lessen it's severity, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, liquefying the muous and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. SOME PENSION FRAUDS

HOW JUDGE LONG GOT A FEW DOLLARS.

Turning a Merry Penny by 'Working" a Republican Pension Bureau---Large Sum of Money.

GOOD WORK OF REFORM.

The New York World of some weeks go, gave the following account of some pension matters which is interesting at this time, when so much is being said about the action of the present adminstration in pension matters: The Pension Bureau in the course of

the investigation which is being made of all suspicious cases allowed within the past ten years, has suspended the pension of Justice Charles Dean Long. of the Michigan Supreme Court. The action of the bureau has called forth protest from Long's friends, which has only had the effect, however, of causing a careful examination to be made of the record in the case, which has developed remarkable features.

The record in Judge Long's case hows that the Michigan jurist is now in receipt of a pension at the rate \$79 per month for the loss of the lef arm above the elbow and gunshot wound of the left hip, resulting in alleged "total helplessness, requiring the regular aid and attendance of another 1944, 489 11. The record shows that these increases were sade without examination and upon

Tanner's personal order. In spite of this generous treatment Judge Long was not satisfied, for on June 12, 1889, he wrote a letter to Commissioner Tanner requesting a rerai ing of his pension from June 4, 1868 receipts from the concessions of the to June 4, 1872, at \$25 per month, and Midway Plaisance and in Jackson Park from June 4, 1872, to June 4, 1874, at more than pay the running expenses of \$31.25 per month. The most curious feature of the case is the fact that Long was rerated without any legal application or medical examination, the Pension Commissionexamination, the Peneion Commission-er having simply handed over nearly \$7,000 of the people's money upon an informal personal letter written by the claimant. Judge Long's case has not yet come before Judge Lochren for final disposition, but it is altogether probable that the action of Commissioner Tanner will be reversed and the pension materially reduced.
